

Free!

(as in freedom)

Ever wondered what Free / Open Source Software is all about?
Ever wanted to try Linux, but not known where to start, which
distribution to choose, and how to get everything set up and
working?

We can help.

Interface (the Victoria University of Wellington computer club) is
holding an InstallFest.

Bring your computer (and keyboard, mouse, monitor and any other
peripherals) in, and we will install GNU / Linux (along with drivers
and any other software you may need) on it, and show you how
to use everything.

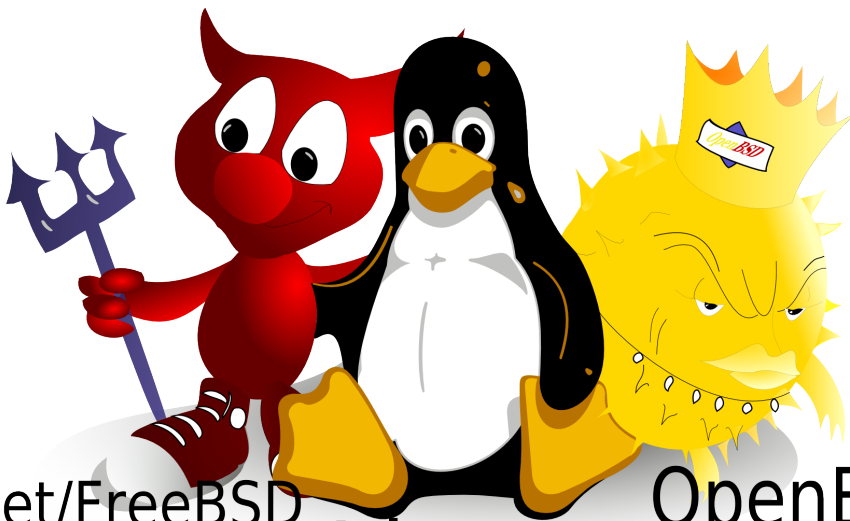

Date: Saturday 18th March

Time: 10:00 am - late afternoon

Location: VUW, C0341

For more information, see <http://www.interface.org.nz/installfest>

★ Wanted ? ★

Net/FreeBSD

Linux

OpenBSD

INTERFACE.ORG.NZ

the Victoria University of Wellington Computer Club

<http://interface.org.nz>

int-ter-face *n.*

1. A point at which independent systems or diverse groups interact.
2. (*computer science*) The point of interaction or communication between a computer and any other entity, such as a printer or human operator.
3. A student club at Victoria University of Wellington, where a group of likeminded people take some time off interacting with their computers, and interact with each other instead.

Membership

If you are interested in becoming a member of Interface, fill out and follow the instructions on a membership form found on-line, on our website

<http://interface.org.nz>

Benefits of Membership

- Pizza social evenings every Wednesday night
- Access to Club Library of Computing books and resources
- *nix development account on the Interface server. (includes www server)
- Access to SWANS (Student wireless access network)
- Talks and Events
- Access to members knowledgeable on a wide range of computing aspects
- Other Stuff!
- Be informed about what Tech developments are happening around the University

Weekly Social meetings are held from 6pm in the Cotton Club (Cotton Building Room 339) every Wednesday, they are open and anyone is free to come along.
